

The Pointe

“HighGrove Partners is a great company that has a lot to offer. I’d definitely recommend them to other Property Managers. A key piece is my Client Relations Manager, who understands my priorities, stays in close contact with me and takes care of everything I need. I have received many positive comments from my tenants about the landscaping and visitors often comment on how great our property looks. That certainly exceeds my expectations. HighGrove’s crew seems almost invisible too - that makes my job easier. They have helped me with many areas on the property, and the overall impression of the property has improved. My goal is to do more than just maintain the property, I want to improve it and HighGrove helps me do that with every visit. They play a big role in helping The Pointe be a success.”

***Amber L. Bushman, Former General Manager
Jones Lang LaSalle Americas, Inc.***

The Pointe comprises two office buildings and is located on 22 lushly landscaped acres at the corner of Georgia 400 and Northridge Road. The assortment of plant varieties including azaleas, knockout roses, Japanese maples, crepe myrtles and cherry trees along with a fish-stocked lake with a fountain contribute to the garden atmosphere of the property.
